Joshua Maxwell

Web Designer/Developer

Objective

Whether it is through design, web development or as liaison between the web department and administration: I always strive to better my abilities and to surpass my employer's expectations.

I want to be in a position where I can utilize my background in Visual Communications (*graphic design, web development and multimedia production*) to better portray my employer's image on the web.

Experiences

- *Experience in representing the web department and giving reports on status of website(s) to administration*
- *Project management experience / able to manage multiple projects*
- *Taught seminars to teachers and staff on how to use WordPress*
- *Knowledge of current web standards – HTML(5)/CSS(3)*
- *Experience with a large network of sites (CMS – WordPress)*
- *Experience researching and developing user interfaces / navigation*
- *Over 6+ years combined experience as a web developer and graphic designer*

Technical Skills
